

# Pop Up Assembly Instructions

1

Ensure all components are available for assembly.

2

Position space frame with lamp fittings on top and towards you.

3

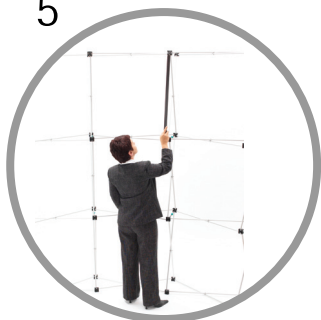

Open structure until magnetic locking bars snap together.

4

Place magnetic rails vertically into hubs and let snap into place.

5

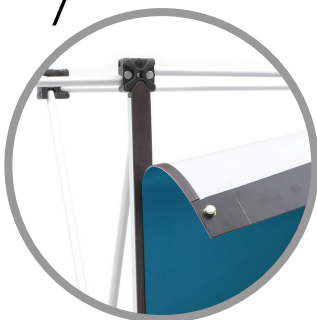

Start at the top and continue downwards until all are positioned securely.

6

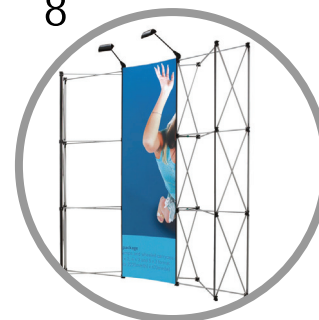

Slide halogen lamps onto fittings.

7

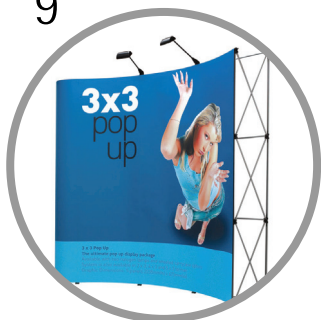

Locate the magnetic buttons on the back of the graphic into the top of the system.

8

Let the graphic's magnetic strips gently grab the side rails from top to bottom taking care not to create the graphic.

9

Continue until all panels are in place. Taking the Pop Up down is the reverse of assembly.
